

Obituaries that were published in the Press-Republican between April, 1999 and August 2007 are located in our [Old Obituaries](#) section. This section is significantly different from other archive search sections in that it lists links to all obituaries and many death notices that were published online during that period.

The best way to search for the name of a deceased in this section is to use the Filter search box. Type the last name of the deceased in the filter text box and press the Enter key. This will find all instances of that name or any name that includes your search term.
